New Business

Call in DNR and check swamps area up near the beach and see what they suggest we do.
Beach area discussion again, about how bad it is on a holiday weekend and see what can be done. Was suggested we have a Security Guard on Holidays and see if this won't

control it somewhat for next year.

Also erosion is a problem along lake line and needs HELR before we lose our association's property. Talked about cutting down bushes and weeds along lake line this winter when leaves and weeds are gone. Will set a date and have a group of members do it. Sounds good!!!

Well Done
